

DONE in ONE with reThought Flood ↘

Our Expert Solutions

With the backing of specialist “A” rated reinsurers and insurers in the US and Lloyd’s of London, reThought, the Flood Specialists, can provide complete coverage for almost any flood risk, ranging from typical homes to \$1 billion multi-layer complex risks.

If you have a tough flood risk that other markets just cannot handle, call us today, and **LAYER UP with reThought Flood!**

A reThought Success Story

Earlier this year, a broker sought \$30 million of limit for a large schedule of assisted living facilities located throughout the country. Some were in high-hazard zones, others were relatively safe. (Although anywhere it rains, it can flood!)

We deployed our market-leading top-down, bottom-up modeling approach to structure and accurately price a **six-layer program** which met the client’s coverage and budget requirements precisely.

reThought Delivers:

- ✓ Full spectrum commercial flood product suite up to \$1B+ TIV
- ✓ Creative primary, excess & RCBAP solutions with quota share, drop-down, and facultative options for more complicated accounts
- ✓ Building, Contents & Business Interruption coverages available
- ✓ No strict limitations for basement coverage
- ✓ Replacement Cost Value (RCV) on all policy forms
